## What is intelliSPEC™
ENTERPRISE **DDMS**

intelliSPEC™ is a cloud-based software that acts as a central hub for data collection. With **intelliSPEC™** we are able to import historical data from legacy databases compare and blend that data with new data at the point of collection and then export scrubbed and updated data back into the legacy database. **intelliSPEC™** provides complete accessibility of data, validation of compliance measures, to assist clients with making better data-driven business decisions in near real-time.

Configuration

intelliSPEC™ has set solutions for clients that can be used out of the box or the ability to configure those solutions to meet the needs and requirements set by the client. Our team can also build custom digital solutions to meet the client's needs. **intelliSPEC™** has the capability to interface with any legacy IDMS database such as Meridium, Visions, Capstone, Maximo, SAP and Primavera, etc... **intelliSPEC™** is also the preferred mobile solution for PCMS.

Created in 2010 - **intelliSPEC™** was created and is supported by a team in the central time zone and was developed to digitize inspection activities in the Oil and Gas Industry. **intelliSPEC™** is currently in use in 26 countries with 1,000+ unique users.

OFFICE
- Forms
- PCMS
- P6
- Word/Excel
- Drawings
- SAP

FIELD
- Safety
- Inspection
- Maintenance

The Benefits and Features of intelliSPEC™

- Real-Time Data Collection
- Cloud-Based Software
- Bluetooth Connectivity
- Configurable Reporting
- Digital Forms
- Mobile Image & Video Capture

- Real-Time Data Analytics
- Searchable & Digitized Data
- Trackable Work Progress
- Dashboards & KPI's
- RFID, QR Codes, Bar Codes & NFC Tagging
- Standardized Work Processes

- Works in a Connected/Disconnected State
- Compatible with IOS, Microsoft & Android
- Send/Receive Data to and from Legacy Databases in Near Real-Time

Maintenance

- Schedule
- Time on Tools
- Time Sheets
- Work Packs / Work Orders
- Digital On-stream Inspections
- Budget Tracking
- Fireproofing Assessments Budgeting/Planning
- Coatings Assessments

Shutdowns / Turnarounds

- Digital Wall Charts with P6 and Inspections
- Live Updates
- Critical Flange Management

Capital Projects

- Vendor Surveillance
- Digital Turnover Reports
- QA Activities
- Weld Tracking

Operations

- Operator Rounds
- Energy Isolation
- Blind Points
- Operator Training
- Digital Permitting
