

# FIELD SAFETY SERVICES

**PK Safety professionals are there to assist plant personnel with safety related duties.**

PK Safety's management team ensures that the proper safety technicians are selected to meet the specific requirements of the client and project. Our field safety technicians monitor projects while communicating with clients and their employees to ensure that all activities are executed safely and efficiently.

## **Safety Tailored to You & Your Projects**

PK Safety Technicians are some of the industry's best-trained resources. Equipped with in-house developed technology to enhance confined space and digitize data collection, we provide live dashboards giving transparency to critical safety functions including but not limited to:

- **Incident Investigations**
- **Safety Observations**
- **Equipment Inspections**
- **Behavioral-Based Safety Observations**
- **Patient Care**
- **Safety Audits**
